July 26 – **BLUE LUNCH**—The late 1940's and early 1950's were a magical time in American musical history, when blues, rhythm & blues, swing and rock & roll were all one thing. Blue Lunch explores that music and makes it their own. Blue Lunch features a three piece horn section, upright

bass, drums, keyboards, guitar, and harmonica, along with multiple singers and harmonies. In all of the contemporary blues scene, Blue Lunch stands alone with its unique sound.

June 14 – **HASTILY ASSEMBLED BLUEGRASS BAND** -

The Hastily Assembled Bluegrass Band has been performing in the northeast-central regions of Ohio for over 13 years now and features all acoustic instruments played by five accomplished musicians, who also do 2 and 3 part harmonies. Hastily Assembled invites you to spend some time with us as we explore a wide range of musical influences stemming from the mountains of Kentucky to the streets of Memphis by way of Nashville through New York City streets.

From rock-a-billy to reggae, and blues to bluegrass, from country green to city blue, band members, Jeanne Wieland (guitar), Jon McDonald (upright bass), Rick Troyer (dobro), Dustin Terpenning (banjo), and Larry Mader (mandolin), traveling different paths of life, come together at an intersection of American musical diversity that provides fun, exciting, and spontaneous entertainment for all ages.

We hope you will join us as we travel through the musical roots of our American culture with a repertoire that includes traditional bluegrass songs from the

Scotch-Irish heritage originating from the immigrants who settled the Appalachian regions of our country, as well as ballads, work songs, train songs, slave songs, and some originals. Our wide musical heritage in this country in the genres of blues, jazz, country, and pop cannot be overlooked by us either and so we also choose to do selections from those categories.

June 28 – **VOICES OF OHIO**—Welcome back this diverse group of singers from all over Ohio! With over 45 years of show business experience, they perform a repertoire that reads like a popular American songbook. Whether they are performing turn-of-the-century classics, a big band number from the 1940s, a rockin' number from the 1950s, pop numbers from the 1970s, hits from the Broadway stage, today's new country, songs of hope and inspiration, and a red-white-and-blue star-spangled finale that is guaranteed to bring the crowd to their feet. A concert entertainment event the entire family will enjoy.
